

Career Exploration and OhioMeansJobs K-12

At Legacy, we believe students are best prepared for their future when they are introduced to career exploration early. Through our Career Exploration Program, students gain valuable real-life experiences and insights into post-secondary education opportunities, empowering them to make informed decisions about their future.

Explore OhioMeansJobs.com for valuable resources and tools that help students discover career interests and in-demand jobs.

OhioMeansJobs is Ohio's no-cost career planning system, offering comprehensive career exploration tools, online training, and resources designed specifically for students, teachers, and school counselors.
